## Description

# Sealskinz Beetley Waterproof All Weather Head Gaitor

The **Sealskinz Beetley Waterproof All Weather Head Gaitor** is a lightweight yet protective head covering designed for cold and windy outdoor environments. Built with **three-layer Aquasealz™ waterproof technology**, it keeps the head and face dry while maintaining breathability during active use.
A soft **microfleece inner lining** provides warmth and comfort without excessive heat build-up, helping regulate temperature during high-intensity activities. The flexible design allows the gaitor to be worn in multiple ways, including as a **balaclava, neck gaitor or face covering.**
Designed for demanding outdoor conditions, the Beetley gaitor is suitable for skiing, trekking, mountaineering, mountain biking and other activities where protection from wind, rain and cold is essential.

## Key Features

- **100% waterproof Aquasealz™ membrane** protecting against rain and wind
- **Microfleece inner lining** providing warmth and comfort
- **Lightweight and breathable construction** reducing internal moisture build-up
- **Versatile wear options** – balaclava, neck gaitor or face covering
- **Moisture-wicking outer fabric** helping regulate temperature
- **Designed for high-intensity outdoor activities**

## Three-Layer Construction

- **Outer Layer:** Durable polyester blend fabric that wicks moisture and provides flexibility.
- **Middle Layer:** Aquasealz™ waterproof membrane allowing moisture vapour to escape while blocking external water.
- **Inner Layer:** Soft microfleece lining for warmth and comfort in cold conditions.

## Design and Performance

The Beetley head gaitor combines waterproof protection with breathability, allowing users to remain comfortable during extended outdoor activities. The flexible design allows it to be worn either covering the face or as a neck gaitor depending on conditions.
Its lightweight construction makes it easy to carry in backpacks or jacket pockets, ensuring reliable protection when weather conditions change unexpectedly.

## Materials

| | |
|---|---|
| **Outer Layer** | 94% Polyester, 6% Elastane |
| **Middle Layer** | Aquasealz® waterproof membrane |
| **Inner Layer** | 100% Polyester microfleece |

## Hat & Cap Size Guide

| **Size** | **Head Circumference (cm)** | **Head Circumference (inches)** |
|---|---|---|
| S / M | 55 – 57 cm | 21.6 – 22.4" |
| L / XL | 58 – 61 cm | 22.8 – 24" |
| XXL | 62 – 63 cm | 24.4 – 24.8" |
| ONE SIZE | Up to 58 cm | Up to 22.8" |

## How to Measure

Measure the circumference of your head just above your eyebrows using a measuring tape. Ensure the tape sits evenly around the head for an accurate measurement.

## Care Instructions

- Machine wash at 30°C
- Drip dry
- Do not dry clean
- Do not iron
- Do not bleach

## FAQ

**Is the Sealskinz Beetley head gaitor waterproof?**
The Aquasealz membrane provides waterproof protection while allowing moisture vapour to escape.

**Can it be worn as a balaclava?**
Yes, the gaitor is designed to be worn as a balaclava, neck gaitor or face covering depending on weather conditions.

**Is it suitable for winter sports?**
The Beetley gaitor is designed for activities such as skiing, trekking, mountaineering and cycling in cold environments.

**Will it overheat during activity?**
Yes, the breathable and moisture-wicking outer fabric help regulate temperature and reduce internal moisture build-up.

## Glossary

- **Aquasealz™:** Waterproof membrane technology that blocks water while allowing moisture vapour to escape.
- **Head gaitor:** A flexible head and neck covering used to protect against wind, cold and weather.
- **Microfleece:** A lightweight synthetic fleece material used for insulation and comfort.

## GPSR Safety Information

Use the product only for its intended purpose as protective clothing for outdoor environments. Keep away from open flames and strong heat sources.
