Description

101 INC Zipper Ring Puller (Bag of 5 pcs.)

The **101 INC Zipper Ring Puller** set adds extended, easy-grab pulls to backpacks, jackets, pouches, and other outdoor or tactical kit. Each puller combines durable **nylon cord** and **plastic hardware** to create a larger grip point that's easier to find and operate than a factory zipper tab—especially in cold, wet, or gloved conditions.

Aim of the Product

Designed to extend and improve zipper accessibility on clothing and load-bearing equipment. Ideal when rapid access matters (airsoft games, field training, outdoor adventures) or when original zipper sliders are too small to grasp quickly.

Audience

Made for tactical and airsoft users, outdoor adventurers, backpackers, campers, range shooters, and anyone who wants a quick upgrade that makes gear zips easier to locate and pull.

Product Use

- Thread the loop through an existing zipper eyelet and pull the ring
