Description

3M™ PELTOR™ ComTac™ VIII

Advanced Tactical Communication & Hearing-Protection Headset

The **ComTac VIII** is 3M's newest combat-proven headset platform, engineered to give military and law-enforcement operators *maximum auditory situational awareness* while providing outstanding protection from impulse and steady-state noise. A redesigned cup geometry, padded low-profile headband and next-gen electronics deliver improved comfort, integration and mission flexibility.

Six Reasons Operators Upgrade to ComTac VIII

1. MAP - Mission Audio Profiles

Five selectable ambient-listening profiles (Classic + four mission modes) tailor frequency response & gain for *patrol, conversation,*

comfort, observation and more.

2. Enhanced Environmental Listening

New parabolic mic housings mirror the human ear for *hyper-natural directional hearing* and superior wind-noise rejection.

3. Hearing Protection & Earplug Mode

29 dB SNR on its own – or up to 40 dB when paired with 3M EAR™ Classic plugs (boosted headset gain maintains awareness).

4. Noise-Cancelling Boom Mic (*select models*)

Crystal-clear radio comms in armoured vehicles, rotor-wash or small-arms fire.

5. Rugged Next-Gen Housing

Enlarged ear-cavity, angled speakers, stainless steel frame and gel-pad compatibility for all-day wear under ballistic or bump helmets.

6. User-Configurable Voice Menu

Spoken prompts available in English, German, French and Spanish.

Core Specifications

Attenuation (SNR)	29 dB with EAR Classic 40 dB
Electronics	Level-dependent, MAP x5, ear-plug compensation, sound-scaping for radio clarity
Battery / runtime	2 × AAA (alkaline or NiMH) ≈ 50 h continuous
Cup shells	Impact- and flame-resistant polymer, gel-pad ready
Net weight	≈ 400 g / 14.1 oz (with batteries)
Compliant with	MIL-STD-810, MIL-STD-461, EN 352, ANSI S3.19, STANAG 4690 (selected clauses)

What's New vs ComTac XPI?

- Re-contoured earcups & angled speakers = more ear space, better seal.
- Upgraded headband for lower pressure and helmet-strap compatibility.
- MAP sound-profile engine (*classic linear or 4 enhanced modes*).
- Multi-language voice menu & simplified button interface.

Package Contents

- ComTac VIII active headset with foldable headband
- Noise-cancelling boom mic (if selected)
- 2 × AAA premium alkaline cells
- 3.5 mm audio lead (radio/MP3)
- Operator quick guide & safety sheet

MAP profiles explained: *MAP* (Maple) = low ambient noise (like city, ComTac feels fatigue)
9 (Observation) = high ambient noise (like battle, ComTac feels fatigue)
3 (Enhanced) = high ambient noise (like battle, ComTac feels fatigue)
1 (Classic) = low ambient noise (like city, ComTac feels fatigue)
