Description

Riserva HI NBK GTX is an high cut model designed for demanding hunting experiences in wet condition. The shoe upper is in Italian nubuck leather of the highest quality, combined with the iconic Vibram outsole and Gore Tex membrane, deliver outstanding reliability to this best in class product.

Details:

- Anatomical fit - comfortable and enveloping anatomical shapes for footwear in the Trekking segment, designed to offer comfort and stability and to promote dynamic action when walking on mountain trails with uneven ground.
- Elica is an integrated system consisting of FORMA - ASSEMBLY INSOLE - MIDSOLE - TREAD that follows the anatomical shape of the sole of the foot and follows the normal inclination of the heel and forefoot. The functional value of the ELICA technology has been certified by specific tests performed at the CERISM Centro Studi Salute laboratories of the University of Verona. The tests show that a more homogeneous distribution of foot pressure during the support and push phases favors comfort by reducing impact and effort during the walk.
- IMS - Internal midsole system
- UPPER: full grain leather
- UPPER PROTECTION: RUBBER
- LINING DESCRIPTION: GORE-TEX® PERFORMANCE COMFORT - Moderate
