Description

AKU Shoe Care Cream 100 ml - Leather Protection and Maintenance

The **AKU Shoe Care Cream** is a specially developed product for maintaining and protecting **AKU leather footwear**. Designed to preserve the quality, flexibility and appearance of leather, it helps extend the lifespan of your boots in demanding outdoor conditions.

Designed for AKU Footwear

Recommended by AKU, this care cream supports long-term performance of leather boots by nourishing the material and preventing it from drying or cracking.

- **Protects leather** from environmental wear
- **Revives appearance** of used footwear

ORDER CONFIRMATION

- **Maintains flexibility** and durability

Natural-Based Formula

The cream is based on **natural compounds**, making it easy to apply while preserving the original properties of leather and fabric. It does not block breathability or alter material performance.

- Does not affect technical materials
- Suitable for regular maintenance
- Safe and simple application

Practical Packaging

Supplied in a **100 ml plastic container with screw lid**, the cream is easy to store and use both at home and in the field.

How to Use

- Clean footwear thoroughly before application
- Apply the cream using the provided sponge
- Allow it to absorb into the leather
- Brush lightly for best results
- Pay special attention to seams

Safety Information

- Keep out of reach of children
- Avoid contact with eyes and skin
- In case of contact, rinse thoroughly with water
- Do not ingest
- Wash hands after use
- Contains isothiazolinones - may cause allergic reaction (EUH208)

Use Cases

- Maintenance of AKU hiking boots
- Care for outdoor leather footwear
- Extending lifespan of boots
- Regular leather conditioning
