ORDER CONFIRMATION

- Anatomical fit – comfortable and enveloping anatomical shapes for footwear in the Trekking segment, designed to offer comfort and stability and to promote dynamic action when walking on mountain trails with uneven ground.
- LINING DESCRIPTION: GORE-TEX® PERFORMANCE COMFORT – Moderate insulation to keep feet dry and comfortable during outdoor activities in a variety of weather conditions. Key advantages:
 - Moderately insulated for changing conditions,
 - Optimal combination of breathability and insulation keep feet warm and dry, even in unexpected weather,
 - Durable waterproof protection.
- IMS 2 – Internal midsole system 2 + agility: The Internal Midsole System in the IMS1 version is combined with a thin microporous EVA midsole. Thanks to the low profile of the midsole, maximum sensitivity, precision and reliability are guaranteed to ensure a correct and immediate response to ground stress.

Made in the EU.
