ORDER CONFIRMATION

- Anatomical fit comfortable and enveloping anatomical shapes for footwear in the Trekking segment, designed to offer comfort and stability and to promote dynamic action when walking on mountain trails with uneven ground.
- LINING DESCRIPTION: GORE-TEX® PERFOMANCE COMFORT Moderate insulation to keep feet dry and comfortable during outdoor activities in a variety of weather conditions. Key advantages:
 - Moderately insulated for changing conditions,
 - Optimal combination of breathability and insulation keep feet warm and dry, even in unexpected weather,
 - Durable waterproof protection.
- IMS 2 Internal midsole system 2 + agility: The Internal Midsole System in the IMS1 version is combined with a thin microporous EVA midsole. Thanks to the low profile of the midsole, maximum sensitivity, precision and reliability are guaranteed to ensure a correct and immediate response to ground stress.

Made in the EU.
