specialized manufacturer focused on hearing safety. Their AlpineThermoShape™ material adapts to the ear for a secure and comfortable fit, while the acoustic filters ensure children remain aware of their surroundings.

This multifunctional design allows one product to solve multiple problems: noise protection, water protection and pressure regulation during travel.

Glossary of Terms

- **ATS (AlpineThermoShape™):** Thermoplastic material that adapts to the shape of the ear.
- **Acoustic Filter:** Allows sound to pass while reducing harmful noise and blocking water.
- **dB (Decibel):** Unit used to measure sound intensity and noise reduction.

FAQ

Yes, these are specifically designed for children aged 3-12 and made from hypoallergenic, silicone-free material.

Yes, the hat dubear filterwear allows ambient sounds and speech to be heard while reducing harmful noise.

Yes, they prevent water from entering the ear during swimming and showering.

Yes, they help regulate ear pressure and can reduce ear pain during takeoff and landing.
