Description

Professional knee pads made by the US-based company **ALTA Industries**. The sectional construction of these knee pads provides enhanced freedom of movement, ensuring comfort and protection during extended use. Designed for professionals, these knee pads offer a combination of flexibility, durability, and innovative strapping systems to keep them securely in place while working.

Features:

- Extra flexible with sectional foam padding for enhanced comfort and movement
- Gel insert for additional comfort, making long wear sessions easier
- Flexible long cap, sewn down and grommited for superior knee protection
- Durable Cordura® Nylon cover for maximum wear resistance
- Non-slip rubber strip on the back to hold the pads securely in place
- Widely-set dual strapping system to avoid bunching and provide extra comfort
- Original AltaLOK™ Easy On/Off Fastening System for quick adjustment
- Adjustable to fit most sizes
