Description

To the newcomer in the firearms world, the thought of carrying a concealed firearm can be daunting. Before you make the decision to exercise your Second Amendment right to bear arms through concealed carry, you should consider factors like what type of gun is best for carry, when to carry a firearm, how to carry concealed, and why you should carry a concealed firearm. This book covers each of these subjects in a way that every novice can understand. We carefully cover handgun safety and the proper steps for using and caring for your firearm. Other topics include cartridge selection, accessories available, practice techniques, and gun range etiquette. By the time you have read this helpful and informative book, you will feel completely at ease with your decision to carry a concealed firearm. Armed & Smart is an excellent reference for anyone new to the concealed carry world.
