## Description

### ALL YOUR HUNTING GEAR IN ONE CASE

Dobermann Extended Set is a ready-made solution for maximum effective use on a hunt. The set includes compact Dobermann tactical flashlight 2 in1 and the most popular accessories to it.

Flashlight with battery, red and green color filters, quick-release magnetic mount, remote switch with coil cord and charging device with Powerbank function are supplied in a durable plastic case for easy transportation. Nylon holster, steel clip and lanyard ensure convenient day-to-day carry and application of the flashlight.

### DOBERMANN – 2 IN 1 FLASHLIGHT FOR HUNTING AND EVERYDAY USE

Compact 2 in 1 tactical flashlight with narrow beam of light and smooth transition between hotspot and spill. Optimal both for tactical and day-to-day application. The model with 1000 lumens brightness is best suited for solving tasks at medium distances of 100-200 meters. Maximum distance of light is 381 meters.

### TACTICAL

Withstands any recoil due to improved springs and installation of the driver inside a reinforced capsule filled with protective compound. Standard 1 inch body is compatible with any accessories, including original remote switches and magnetic mount for quick one-motion attachment and removal.

### **EVERY DAY CARRY**

Compact body, convenient holster, steel clip and lanyard for day-to-day carry and use.

### **ADVANTAGES OF DOBERMANN FLASHLIGHT**

- Narrow beam of light and smooth transition between hotspot and spill.
- Effective brightness of 1000 lumens and beam distance of 381 meters.
- Special precisely calculated reflector for High Intensity LED modification, which provides 1.5 times the light range compared to a usual LED, tempered glass with anti-reflective coating for maximum throw distance.
- Two springs for efficient performance and better battery and driver protection.
- Two-phase tail button with two levels of pressing for momentary on and for constant light.
- Non-flat button allows easy switching on of the flashlight with a palm.
- Solid body made from aircraft-grade aluminium, special matt anti-abrasive finish without rough knurling.
- Steel striking bezel with matt non-reflective black titanium coating, which prevents location disclosure, is used for additional protection of the optical system in the event of a fall and as a shock-crushing tool.
- Active real-time temperature control to prevent overheating above +60 °C and warning indication of low battery level.
- Total protection from water, dirt and dust in accordance with IP68 standard – flashlight continues to work even after submersion at 25 meters depth. Withstands fallings from the 10th floor.

### **HANDY C1 VE – PORTABLE CHARGING DEVICE AND POWERBANK**

Compact charging device with Powerband function. Supports IMR/Li-Ion 18650 and 18700 batteries. Convenient design and small size allow carrying Handy C1 VE in a bag or a pocket, as well as using it as a portable power supply. Powerbank is compatible with iPhone & iPad.

- Ultra quick charge with 2.1A current.
- Supports IMR/Li-Ion with precise charge algorithm to extend battery lifespan.
- Built-in effective powerbank for devices with charge current up to 2.5A.
- Special 'wings' design for reliable carrying of batteries without additional silicone strips.
- Auto-detection of reverse polarity.
- Automatically stops the charging when complete depending on the battery.
- LED indication to display the charge level.
- ~~What is important~~ use car/wall adapters with USB output.
