### Description

Robust backpack with size-adjustable V2 carrying system. With its high-performance carrying system, which can be adjusted to your own back length, the mission backpack is suitable for transporting heavy loads. The toploader offers a large zippered front opening, a separate bottom compartment, side pockets and a height-adjustable lid with lid compartment. The front and sides feature a MOLLE system. In addition, the backpack has a lacing system on the front and a removable helmet holder.

- V2 Carrying System
- Removable section between main and bottom compartment
- Snow skirt with drawstring and zipper
- Load control straps
- Height adjustable chest belt
- Special construction whereby hipbelt-fixation is re-directed to allow for single-handed adjustment
- Compression around perimeter of base
- Durable handle
- Height adjustable lid with zip compartment
- Hydration system compatible
- Large zipped front opening into the main compartment
- Removable side pockets with zipper, each with a volume of 12 liters
- Insert pockets on both sides
