ORDER CONFIRMATION

Regulations and Standards

- Cordura® fabric is known for high abrasion resistance and durability, commonly used in military and professional gear.
- · MOLLE/PALS compatible, allowing integration with a wide range of tactical pouches and accessories.
- EU patent number 005309432-0006 covers the specific design and functional solutions of this bag.
- · Concealed carry use must always comply with local laws and regulations.

Other Useful Information

The EDC Side Bag bridges the gap between a small shoulder bag and a fullsized field pack. Its relatively compact size makes it ideal for urban commuting, short trips and travel, while the internal configuration and VIS compatibility offer tactical-level customization. The hidden pocket allows discreet carry of a firearm, or can be repurposed for emergency gear, first aid items or sensitive electronics.

Laser-cut MOLLE/PALS provides modern, low-profile mounting points, reducing weight and bulk compared to classic stitched webbing. Combined with Woojin hardware and YKK zippers, the bag is built to withstand intensive everyday

Glossary of Terms

- EDC (Everyday Carry): The set of tools and items carried daily to handle common tasks and emergencies.
- Cordura®: A brand of highly durable nylon fabric known for abrasion and tear resistance.
- MOLLE/PALS: Modular Lightweight Load-carrying Equipment / Pouch Attachment Ladder System - standard webbing system for attaching pouches and accessories.
- VIS (Versatile Insert System): Helikon-Tex system of hook-and-loop mounted inserts, pockets and organizers.
- Concealed carry: Discreet carriage of a firearm on the body or in equipment, subject to local laws.
