Description

The **Ballistol Compressed Gas Cleaner** effectively removes dust, fine fluff, and small particles contactlessly from hard-to-reach areas. This cleaner is gentle on delicate objects like lenses, mirror-polished metals, and films, making it an excellent solution for cleaning sensitive equipment. Thanks to its special gas composition, it offers a significantly larger gas volume (approx. 80 liters) compared to typical compressed air (5 liters). Perfect for laboratories, graphic companies, workshops, and hobbyists.

Features:

- Removes dust, lint, and the finest particles
- Designed for cleaning hard-to-reach spots
- Gentle on sensitive surfaces
- Maximum efficiency with approx. 80 liters of gas volume
- Silicone-free and PTFE-free

Typical Applications:

- Cameras, prime lenses, photo lenses, microscopes, and optical equipment
- Computers, keyboards, printers, USB ports
- Hi-fi/audio equipment and record players
- Electronic switches and modules
- Ideal for laboratories and professional settings

Special Characteristics:

- Silicone-free
- PTFE-free
- Highly economical with a larger usable gas volume

Safety Instructions:

- Pressurized container: May burst if heated
- Do not spray on open flame or ignition sources
- Keep away from heat, sparks, open flames, and hot surfaces
- Do not expose to temperatures above 50°C (122°F)
- Dispose of contents/container to recycling
- Keep out of reach of children

Product Information:

- **Volume:** 300 ml (Art.-Nr. 25287)
- **Gas Volume:** Approx. 80 liters

Made in Germany.
