Description

Area of application: Used particularly in food processing companies, e.g. B. used in the beverage industry, butcher shops.

For the lubrication of parts and machines that occasionally, technically unavoidable, come into contact with food. It is just as suitable for cleaning as it is as a penetrating oil.

Version: Available as a spray and liquid, in a can with a dosing tip.

Advantages:

- Food oil with international NSF H1 approval (No. 143097)
- Colourless, odorless and tasteless
- Corrosion protection with high aging and oxidation stability
- High creep capacity, displaces water
- Neutral to painted surfaces, metals, wood, rubber and plastics
- Does not resinify, free of silicone, PTFE and acid, free of animal
