Description

Baseus magnetic lamp will prove itself in many applications. It will provide you with an eye-friendly light, which brightness can be conveniently adjusted to your needs. The device is easy to use, and with the ability to quickly and easily mount it anywhere you save valuable space. Up to 24 hours of battery life and the possibility to adjust the inclination of the lamp up to 80° make it even more enjoyable to use.

Stable mount

Forget about ordinary desk lamps that take up a lot of space and often prove to be not very practical. Baseus magnetic lamp base allows you to stably attach it to a metal surface. Are you going to place the product somewhere else? This is also possible! Just use 3M adhesive mount and mount the device anywhere. This small and stylish light will give you optimal, even illumination wherever you want.

Brightness adjustment

Adjust the brightness of the light to your needs. The touch panel located on the lamp with clear icons allows you to conveniently adjust the intensity of the light generated. You can choose one of the 3 default levels. You can also gradually brighten or dim the light. You will decide yourself how to light Baseus lamp - nothing limits your convenience.

Lights up for hours

The product is equipped with a powerful battery that you can charge using a regular charger, powerbank, or even your laptop or computer. It guarantees a long working time of the lamp. It can shine brightly for about 4 hours. If you need a little darker light, the device will work continuously for up to 24 hours.

Keeps you safe after dark

When you turn the lamp off using the appropriate button, the light will go out only after 30 seconds. Thanks to this practical solution you will never again be forced to go to bed in the dark. This way you will avoid accidentally tripping over objects left on the floor or hitting the furniture. With Baseus lamp you will ensure your safety after dark!

No harm to your eyes

The device emits eye-friendly light that won't hurt your eyes and provides natural, flicker-free illumination. To provide you with even more comfort, it is possible to adjust the tilt of the lamp up to 80°. This way you can easily adjust it to optimally illuminate your work or entertainment space. The device also does not affect your eyes with a harmful, blue light.

Practical and versatile

The product is suitable for many applications. It will prove useful not only at the desk, but also, for example, as hallway lighting or mirror illumination. You can also use it in the kitchen to provide yourself with adequate light while cooking. The lamp will also be perfect as a flashlight - you can easily detach it from the magnetic base and use it for safe movement around the house in case of power failure.

Specification:

Brand Baseus

Name Magnetic Stepless Dimming Charging Desk Lamp
