Description

The well-known and proven camp bed - used in holiday camps, emergency accommodation and first aid camps. The frame is made of sturdy aluminium with polyester cover (600 denier). The bed is quick to set up and comfortable to sleep in. Also suitable as a guest bed. We have had these beds built exclusively for us for years. In these years we have neither thinned out the material nor changed the special reinforcements we developed in the covers. Please note: Field beds are often difficult to set up the first time. The covers must first be stretched. It is therefore essential that you set up the bed at home before travelling. If possible, use field beds with insulating underlay at low temperatures. This also significantly increases sleeping comfort and allows the bed to be used slightly beyond the lying surface.

- Is suitable as a guest bed
- Extremely stable construction
- Additional, stitched cross struts
- Easy assembly thanks to rounded plastic nipple
- Dimensions L 210 W 66 H 44 cm assembled
- Load capacity 150 kg
- Weight 7,4 kg
- Aluminium, Polyester PVC coated
- Lying surface (between the poles!) 195 x 53 cm
- Pack size 105 x 24 x 17 cm
