### Description

The BasicNature water filter is very powerful and efficient at an ultralight weight of only 58 g. It can be used to drink while hiking or camping directly from rivers, lakes and other fresh water sources. It can filter up to 100.000 L. The hollow fiber membrane removes > 99.9999 % bacteria (E. coli), 99.9 % parasites and protozoa (Giardia lamblia and Cryptosporidium). The filter is easy to backwash and has a transparent control window and a monthly usage indicator. The versatility of the filter allows universal applications. This ensures easy access to clean and safe drinking water even under the toughest conditions.
