Description

Camp Cot Bed (Model FF022)

Purpose:

The Camp Cot Bed is designed to be used for all deployment operations as a lightweight and space-efficient sleeping system with an under-bed storage area. It is suitable for extended periods in all climatic conditions and can be used for seating three people for briefings and other activities.

Features:

- Rapid deployment by one person within 5 minutes by untrained personnel.
- Comfortable for more than 8 hours for the 5th percentile female to the 95th percentile male.
- Compatible with a mattress, sleeping bag, roll mat, BCB camp cot mounted and free-standing mosquito net.
- Packs into one bag and suitable for one person to carry.
- Resistant to fire damage and the spread of flames. Capable of resisting absorption of water/fluids and washable for hygiene purposes.
- Designed to be stackable.
- The camp cot has a 5-year service life and a 10-year storage life.
- The frame is constructed from a 1.8mm aluminium frame and has a maximum drop of 25mm between legs to ensure the product remains
