Description

Crusader 90 + 20 FA stands for front access. As part of the MMPS family, it shares the same modules, offering the same flexibility. The front access allows the operator to quickly pull out equipment from the lower part without having to remove items stored on top. Inside loops on the back panel can optionally be used to attach an MMPS Radio Pad, keeping the radio stowed securely against the back. Antenna and cables can be fed through openings at the top of the backpack.
