- **Side Compression Straps:** Secures and compresses the load for better weight distribution.
- **Adjustable Shoulder Harness:** Offers customizable fit for comfort during long missions.
- **Zippered Top Access:** Easy and quick access to all compartments, keeping your gear organized.
- **Infrared (IR) Protection:** The Ares 25 is made from a special infrared-coated fabric that reduces its visibility to night vision and infrared detection devices. This IR feature is crucial for military and tactical operations, ensuring that the pack remains concealed during night missions or under infrared surveillance. The fabric complies with Bundeswehr standards TL 8305-0278, offering superior protection against detection in sensitive operations.
