Description

Berghaus Tactical FMPS Weapon Bag S II Cedar – Modular 75 cm Weapon Carry System

The **Berghaus Tactical FMPS Weapon Bag S II** is the next-generation development of the original FMPS Weapon Bag S. Designed for professional military and law enforcement use, it provides a secure and modular solution for transporting a **short weapon system up to 75 cm in length**, including optics and associated equipment.

This updated version features a **removable shoulder harness** and a zipper interface compatible with pockets from the **BMPS, FMPS, MMPS and SMPS** systems, offering seamless integration into the Berghaus Tactical modular ecosystem.

Key Features

- Designed to carry weapons up to **75 cm** including optics
- Removable shoulder harness for flexible carry options
- Compatible with BMPS, FMPS, MMPS and SMPS pocket systems
- Internal MOLLE webbing to secure weapon and components
- Male Velcro panels inside for attaching operator pouches
- Reinforced back panel with integrated nylon plate for structural protection

The reinforced back panel prevents metal components from pressing through

About LV Equipment

LV Equipment (LV), based in the Netherlands, supplies specialist equipment to military and police end users, including NATO and government bodies across Europe. Founded in 1985, LV has focused exclusively on military and police gear since 2008.

LV holds an exclusive license agreement with Berghaus Ltd. (UK) for the distribution of Berghaus Tactical products throughout the EMEA region. Combining Berghaus' nearly 50 years of rucksack manufacturing expertise with LV's operational knowledge has resulted in highly functional and extremely durable carrying systems designed for professional use.

Specifications may change without notice as part of continuous product development.
