Bill's Katana Replica - Kill Bill Movie Sword

The **Bill's Katana Replica** is a decorative sword inspired by the iconic weapon featured in Quentin Tarantino's *Kill Bill*. Associated with the character Bill, the sword represents the legendary craftsmanship of **Hattori Hanzō** within the film's storyline.

About the Sword

In *Kill Bill*, Hattori Hanzō is portrayed as a master swordsmith whose blades are considered unmatched. Bill's katana reflects this reputation, combining a clean, elegant design with distinctive details such as the **demon engraving on the blade**.

The sword appears in both film volumes and is notably seen when Beatrix Kiddo discovers it in Bill's possession. It serves as a symbol of authority, precision and control within the story.
