Description

Lynx is a compact fixed blade, ideal for bushcraft and hiking in general, with a large blade a drop with high bevel and counter bevel near the tip, versatile and extremely robust. The stone washed finish avoids reflections and at the same time hides the scratches resulting from use.

The ergonomics are simple but effective, with a studied recess to and long dorsal knurling, which allows the thumb to find each turn the optimal support. In the back, a small one part of the stem is not covered by the handle and houses a large opening in which to fix the. The knife is equipped with Kydex sheath, compatible with all most fastening systems widespread.
