Usage Instructions

- Open the packaging to activate the foot warmers
- Insert the warmers into shoes with the slip-proof side facing down
- Light kneading after opening can speed up heat activation
- Heat generation stops when oxygen supply is cut off

FAQ

How long do the foot warmers keep feet warm? Depending on temperature, airflow and footwear.

Can they be reused? Warmers are disposable and designed for single use only.
Can they be used with any shoes? Used shoes and boots. They should not be used in open footwear.

Are they safe for sensitive skin? No, for sensitive, injured or diseased skin. Direct skin contact should be avoided.

Glossary

- **Oxidation process:** Heat generation through controlled reaction with oxygen
- **Disposable foot warmer:** Single-use heat inlay designed for shoes
- **Sole-shaped warmer:** Foot-shaped design for even heat distribution

Safety & Warning Information

- Not suitable for children under 6 years of age
- Keep out of reach of small children
- Not for medical use
- Do not use on swollen, injured, diseased, frostbitten or sensitive skin
- Avoid direct skin contact
- Remove immediately if the warmer becomes uncomfortably hot
- Do not pierce, cut or damage the warmers
- Avoid contact of contents with eyes, mouth or mucous membranes
- Stop use and consult a doctor if skin reactions, burns or swelling occur

Ingredients & Disposal

- **Ingredients:** Iron powder, salt, activated charcoal, water, vermiculite
- **Disposal:** Dispose of used foot warmers with household residual waste
