## Description

Hungary-based Kornel Kiss designed the Blacklist as a heavy-duty field and outdoor knife. It not only scores with its stocky, versatile blade, but also with exceedingly good handling. The bellied blade even brings hunting uses into the wide range of intended applications. In combination with the high-swung flat grind, the strong full tang with 5 mm blade thickness provides a pronounced balance of strength and cutting power. A real outdoor all-rounder. Shipped with kydex sheath and belt adapter.
