### Description

Anything Elso? No need, because the Hungarian knife designer and tactical-outdoor specialist Kornel Kiss leaves nothing to be desired with the Boker Plus Elso Folder and delivers a complete package for all conceivable EDC and outdoor applications. Convincing arguments are provided by the ball-bearing clip-point blade made of D2, which has a gritty stonewash finish and enables powerful, controlled cuts from cardboard to small branches. A tidy look is ensured with the thumb hole and frame lock, which work reliably and contribute significantly to the easy use of the pocket-knife. The multi-piece handle consists of a titanium-coated stainless-steel body and finely textured handle scales made of black G10, which provide optimum grip even under adverse conditions. Versatile carrying options are offered thanks to the 3D-milled pocket clip (tip-up/r) and the lanyard hole for attaching lanyards. The Boker Plus Elso Folder is supplied with a high-quality nylon case.

- Overall length: 20,5 cm
- Blade length: 8,5 cm
