Description

With Raphaël Durand we were able to sign one of the most sought-after knife makers in France for us. With the Böker Plus Frelon, Raphaël proves once again, with what an incredible sense of form and function he develops his designs. The Frelon combines classic shaping approaches with a state-of-the-art, lightweight G10 grip construction.

Orange G10 liners carry the three-dimensional shells that give the Frelon its perfect hand position. The blade of the pocket knife is made of VG-10 and is provided with a fine longitudinal satin. The fine ribbing of the thumb rest and the backlock bolt ensure pleasant and safe handling. A wonderful everyday knife, which is also able to inspire the collector of unusual designs. Without clip.
