Description

The knives by DJ Urbanovsky have become fixtures in our program. His designs are always strongly influenced by his striking style, while always taking the knife's intended use into consideration. With the Boker Plus M92, the knifemaker from Nebraska is presenting his first purebred dagger. The typical handle design clearly shows his signature style, and the milled logo gives the G10 scales of the M92 knife a secure grip. The partially coated 440C blade is double-edged and very sturdy thanks to its generous thickness. Comes with a versatile Kydex sheath.
