Description

The Bushbox LF (large, foldable) is the missing link between the original Bushcraft Essentials and the Bushbox XL outdoor ovens. It combines the best of both worlds: portable, lightweight and as foldable and efficient as the XL.

The Bushbox LF features the same specially designed hinges as the Bushbox XL. The design of these hinges ensures that they never become clogged. The Bushbox LF comes with a pair of universal stands, alternatively it is also available as a kit (complete with heavy duty bag and universal grille).

Like all Bushcraft Essentials ovens, the Bushbox LF is made in Germany and is multi-fuel compatible (compatible with wood, Esbit, Trangia, etc.). The Bushbox LF is made of high quality stainless steel (1.4301).

Details

- Multi-fuel stoves (wood, Esbit, alcohol burners, manure, fossil fuels, etc.)
- Compatible with Trangia burner.
- High temperature (> 500°C) due to chimney effect
- 1 liter of water boils in a few minutes
- Special dirt-repellent loops
- Foldable, very small package size
- Tent pegs can be used as a grill

Brand country - Germany.
