Description

The FIT 800 self-inflating mattress is a large, relatively thick and very lightweight mattress. With dimensions of 195x63 and a thickness of 3.8 cm, it weighs only 800 g. It provides thermal comfort up to a temperature of -4C.

The FIT 800 self-inflating mat is an ideal solution for tall people who are looking for comfortable and lightweight camping equipment. The self-inflating mat is covered with an ultra-lightweight ripstop material covered with TPU. The bottom of the mattress is black, while the top is a deep, dark green that blends discreetly with the surroundings.

The filling is made of a resilient, perforated foam with a density of only 12kg/m³, which, combined with an anatomical shape, ultimately results in a weight of only 800g with a thickness of 3,8cm and a length of 195cm.

BUSHMEN Travel Gear FIT mattresses are about 25% lighter than foam pads of the same size and about 20% lighter than other ultra-light self-inflating mats with the same parameters. FIT self-inflating mats from BUSHMEN Travel Gear are among the lightest self-inflating mattresses available on the market.

Properties:

- Ultra-light & Comfortable: Ideal for travelers seeking lightweight camping gear. Weighing only 800 grams, it offers a thickness of 3.8cm and a length of 195 cm.
- FIT Design: Anatomical shape for comfort and reduced weight. Wider upper part gradually narrows with rounded corners.
- Temperature Range: Comfortable in temperatures of -4°C and above, making it a versatile 3-season mat.
- Versatile Usage: Suitable for tents, bivy bags, or hammocks. Rounded corners keep it in place in a hammock.
- Easy to Use: Equipped with a one-way valve for quick inflation and deflation. Compact size for easy travel.
- Optional Accessories: Consider our Pump-bag for hygienic inflation and quicker setup. Protects belongings from moisture during hikes.

Important Notes:

- Avoid sharp objects and temperatures above 100°C.
- Do not expose fully inflated mattress to direct sunlight.
