### Pop-Up + Quick-Lock explained

**Pop-Up** combines Z-fold compactness with telescopic height: unfold, hook walls, pull the chimney collar until the spring pin clicks - stove is rigid. After the first burn-in the steel "remembers" its curves, making next assembly effortless.

### Safety & operation

Always use a heat-proof mat and spark guard in tents; route the flue through a proper jack. Full GPSR-compliant instructions & precautions: [bushmen.pl / safety](http://bushmen.pl/safety) [PDF](#).
