Description

Daily routine is a thing of the past - the Boker Plus FRND Black breaks free of the daily humdrum and invigorates as a varied and slim automatic knife with EDC character. The drop-point blade made of D2 opens by push button and has a smoky black stonewash finish that makes small traces of use almost disappear even after hard use. The robust button lock with an additional slider doubly secures the blade during use and significantly minimises the risk of unruly cutting action escapes. Accidental opening in a trouser pocket is also a thing of the past thanks to the safety catch. The textured Grivory handle scales provide a firm grip even in wet conditions and highlights the lightness of the pocket-knife. Decorative accents are set by the anodised screws and the blue-edged blade axle screw. Supplied with a lanyard hole, a wire clip (tip-up/r) and a high-quality nylon pouch.
