### Description

Designed as a tactical automatic knife, the Boker Plus Intention is not only convincing in the field, but also copes effortlessly with all the cutting tasks that arise in everyday life. Pressing the push button releases the stonewash blade made of D2, by the tension of the spring behind it, it then folds open automatically. A clean latching slide lock further secures the knife against accidental release. The ergonomically shaped handle is made of textured G10, ribbing in the area of the thumb rest and the pronounced finger recess further improve the hand position. With lanyard loop and clip (tip-down).

- **Brand:** Boker Plus
