Description

Supplied with various practical tools, the Boker Plus Specialist Pro is a versatile multitool with spring-assisted pliers. It has a reinforced, replaceable wire cutter and can withstand high loads. In addition to the flat gripping surface, the pliers are also have a so-called burner hole for gripping hexagon head screws, union nuts and pipes. The tools housed in the two halves of the handle open smoothly and can be used particularly safely thanks to the reliable locking mechanism. In addition to the combination pliers, the multitool's equipment also includes a smooth blade, a wood saw, a can opener, a bottle opener, a wire bender/stripper, a sewing/drilling awl, a Phillips screwdriver, a slotted screwdriver and a metal file. The handle body made of stainless steel has decorative cut-outs. Supplied with a lanyard hole, a clip and high-quality nylon belt case.
