Description

The Boker Plus Strike is a robust automatic knife for everyday or tactical use which rounds out our wide selection of switchblades. The slim, ergonomically formed handle is based on solid steel liners, which are equipped with lightweight aluminum scales that are milled for a good grip. The comparatively soft and tough metal is also very strong and durable. Deep jimpings in the well-defined thumb rise aid safe handling. A cleanly latching safety slide against accidental triggering acts as additional security when the knife is closed. The drop-point blade is made from the Japan-developed AUS-8 and provided with a Stonewash Finish. With a reversible clip (tip-up / tip-down) and a high-quality nylon case for storage.

- Overall length: 20.0 cm
- Blade length: 8.5 cm
- Weight: 134 g
- Blade thickness: 3.0 mm
- Blade material: AUS-8
