Type	Safety Razor with Butterfly Mechanism
Overall Length	11.0 cm
Weight	75 g
Handle Material	Metal, chrome-plated
Mechanism	Butterfly opening (twist-to-open)

Other Useful Information

The butterfly mechanism is a traditional and convenient system for quick blade changes without disassembly. Chrome-plated all-metal construction ensures excellent **corrosion resistance** and durability, while the longer handle provides more control, especially for users with larger hands. Böker, with its roots in **Solingen, Germany**, is world-renowned for precision tools and blades since 1869.

Glossary

- **Safety Razor:** A traditional razor that uses double-edge blades for precise, economical shaving.
