Description

The BoaPod™ will bend over backwards to get you the perfect shot! Its 3 fully flexible arms can bend around uneven footing, twist and hook onto tree branches or fences, and adjust in ways that traditional tripods won't allow. Its rugged rubber grip allows for easy adjustment and better stability on just about any surface. Weighing less than a pound, and being just over a foot tall, the BoaPod™ is compact and portable, making it easy to take just about anywhere.

With a removable 360° fluid ballhead and 1/4 universal mounting screw, universal smartphone adapter, and compatibility with a variety of different cameras and optics, the BoaPod™ adapts to several different uses. The adjustable phone mount allows for orientation in both landscape and portrait mode depending on the ballhead position. The legs can even be flexed to form a sturdy stand for tablets of all sizes, eReaders, books, and phones.

The BoaPod™ comes with a wireless Bluetooth shutter remote. This small device can be paired to your phone and act as shutter button to allow you to take photos even when you're away from the screen. Take wildlife photos without startling nearby animals, take selfies or group photos with ease

Weight	0.753 lbs.
Dimensions	2.3'' x 2.0'' x 12.0''

Brand country USA. Made in P.R.C.

Carson Optical was founded in 1990 by Richard Cameron. With over 29 years experience in the optics industry, Carson has dedicated a team of engineers whose sole mission is to improve the customer experience. The company's product line has grown exponentially to encompass a broader range of products and accessories that reflect the needs of its client base. Carson's commitment to excellence is the foundation of the company. As the number one manufacturer of US magnifiers and one of the leading suppliers of binoculars, Carson's entire product line consistently boasts first-rate quality at affordable price points.
