### Description

### Casio Tough Solar AQ-S800 Field Watch - Solar-Powered Dual Display

The **Casio AQ-S800** is a **solar-powered field watch** built for versatility, precision, and reliability in any environment. Its design takes inspiration from **aircraft instrument panels**, combining high readability with a robust construction ideal for outdoor, travel, or tactical use. The flat, round bezel and **white contrast indexes** ensure excellent legibility, while the digital display at the 6 o'clock position provides instant access to date, day, and world time information.

Lightweight yet durable, the **AQ-S800** features **100-metre water resistance** and multiple advanced timekeeping functions – including dual countdown timers, world time, stopwatch, and 5 alarms – making it a complete companion for active users and professionals alike.
