Description

Highlander STOIRM Primaloft® Cold Weather Jacket

The **STOIRM Cold Weather Jacket** is a high-performance, wind-resistant, and insulated tactical jacket designed for extreme conditions. With its waterproof and breathable membrane, fully taped seams, and waterproof zips, this multifunctional jacket provides complete protection in harsh weather. Ideal for cold weather operations, the STOIRM jacket is insulated with Primaloft® padding for warmth and comfort, while a fleece-lined adjustable collar and elasticated cuffs ensure the heat stays in. The rugged yet versatile design makes this jacket suitable for anything from covert urban recon to winter days.

PrimaLoft Insulation

PrimaLoft is an advanced synthetic insulation designed to keep you warm without the bulk. Originally developed for the U.S. military, PrimaLoft mimics the warmth and feel of down but with the added benefits of being lightweight, highly compressible, and water-resistant. Even in wet or damp conditions, PrimaLoft retains its insulating properties, making it perfect for outdoor adventures in unpredictable weather. It offers breathability, allowing moisture to escape while keeping the warmth in, which helps regulate your body temperature. Ideal for those looking for performance, comfort, and reliable warmth in any condition.
