Description

Suspenders for keeping your trousers in place.

Very useful and practical, especially in winter.

The design is inspired by the old US Army braces from the 1950's.

The braces are attached in the side of the trousers. Thread it around the belt or through the bands on the trousers.

When you need to answer nature's call, just release the braces in the side and pull down your trousers. This is very convenient if you are wearing e.g. a vest or padded jacket.

2.0 version includes a hook that makes it easier to attach the braces to your trousers.

Designed in Sweden, made in the EU.
