Description

Comodo AlpacaMerino Everyday/Outdoor Socks

Designed for comfort and performance, the Comodo AlpacaMerino socks are the perfect choice for both everyday use and outdoor activities such as hiking or walking. Combining the natural benefits of Merino and Alpaca wool, these socks offer exceptional warmth, moisture control, and breathability, ensuring your feet stay comfortable in all weather conditions. The addition of polyamide ensures durability, while elastane provides a snug, flexible fit. The low-profile stitching reduces bulk and minimizes the risk of chafing, making these socks ideal for prolonged wear.

Color: Anthracite

Composition:

- **55% Merino Wool:** Known for its temperature-regulating properties, Merino wool keeps feet warm in cold conditions and cool in warmer

weather. Its moisture-wicking abilities draw sweat away from the skin, reducing the chance of blisters and keeping feet dry. Merino wool also provides natural odor control, making it perfect for long-lasting wear.

- **20% Alpaca Wool:** Soft, warm, and hypoallergenic, Alpaca wool lacks lanolin, making it suitable for sensitive skin. The unique hollow fiber structure enhances thermal properties and provides extra softness. It also adds durability, extending the life of the socks.
- **20% Polyamide:** Polyamide strengthens the socks, improving their resistance to wear and tear, while maintaining flexibility and ensuring a secure fit even after multiple washes.
- **5% Elastane:** The elastane provides the socks with excellent stretch, ensuring a snug yet comfortable fit that adapts to the foot's movements during dynamic activities.

Low-Profile Stitching: The socks feature low-profile stitching at the toes, minimizing bulk and reducing pressure points. This design helps to prevent blisters and discomfort, making the socks suitable for long hikes or extended everyday wear.

Key Advantages:

- **Thermoregulation:** Effective heat retention keeps feet warm in cold weather, while the breathable fibers prevent overheating during warmer days.
- **Moisture-Wicking:** Moisture is effectively drawn away from the skin, keeping feet dry and reducing the risk of blisters.
- **Comfort and Softness:** The blend of Merino and Alpaca wool ensures a gentle, irritation-free feel against the skin, providing all-day comfort.
- **Odor Control:** The natural antibacterial properties of Merino and Alpaca wool help maintain freshness by preventing unpleasant odors.
- **Durability:** The strong blend of Alpaca and Merino fibers, reinforced with polyamide, ensures that the socks withstand long-term use without losing shape or comfort.
- **Hypoallergenic:** The lanolin-free Alpaca wool makes these socks friendly for sensitive skin.
- **All-Season Versatility:** These socks are suitable for various weather conditions, ensuring comfort and performance in both hot and cold climates.

Categories: Outdoor / Everyday

Seasons: All Season

Made in: Poland

Care Instructions:

- Machine wash at 30°C
- Do not bleach
- Do not iron
- Do not tumble dry
