Description

Comodo trekking socks are specialized socks designed for all outdoor activities related to long-term walking, such as: mountain hikes, forest hikes, long walks, etc.

Brilliant trekking socks for the spring-summer-autumn season .

Their particularity comes from the unique combination of 3 yarns: bamboo fiber + Polycolon + Prolen Siltex with AG + silver ions.

Bamboo provides delicacy and anti-bacterial feature, polycolon - wicks moisture, and siltex - absorbs the "bad" smell of sweat.

Comodo trekking socks are reinforced with terry cloth and are made to the highest quality standards, using technologically advanced machines.

Thanks to these Comodo socks, your legs will be dry, your feet will be covered with a soft sheath and properly protected against abrasions.

Trekking socks have been designed to meet the expectations of demanding users.

Characteristics:

- double welt holding the sock - double welt,
- shock absorbing system,
- elastic welt ensures that the sock does not move when walking,
- strengthening around the toes and heels,

- specially smoothed seams,
- neutralize "bad" smells,
- perfect for long all-day walks and trips.
- reinforced terry cloth;
- several color options.

Composition of the yarn in trekking socks:

- 40% - Bamboo fiber;
- 30% - Polycolon;
- 15% - Siltex Ag+, polypropylene;
- 10% - Polyamide;
- 5% - Elastane.

40% bamboo yarn , 30% polucolon, 10% polyamide, 15% polypropylene, 5% elastane

Polycolon - 100% polypropylene from the highest quality polypropylene yarn by Schoeller Austria.

Functions: Polycolon keeps the body efficient and dry for longer; no matter how much you sweat, it perfectly drains moisture and sweat to the outside.

It is very light and durable. It is a hydrophobic material - it protects against water and dries very quickly. Benefits: Thanks to the use of

Polycolon, you feel dry and even when

Made in Poland.
