Description

A great choice for all purpose filleting. This knife features a German 4116 stainless steel blade that is corrosion-resistant and has a full-tang construction for increased durability. The wide blade has an oversized backbone so it is thick and strong.

- Wide blade
- Titanium Bonded blade stays sharper longer
- German 4116 corrosion resistant stainless steel blade
- Visible full-tang construction
- Non-slip Cuda scale pattern grip
- Great for all-purpose filleting, with the perfect amount of flex
- Precision ground edge
- Oversized backbone

The Cuda® brand was designed with the strength, power and agility of the Barracuda. Cuda fishing products are built for the ultimate in fresh and saltwater fishing and will continue to perform over time. Featuring Titanium Bonded steels and Alloys, Cuda tools provide world class hardness, corrosion and adhesive resistance.

The Titanium Bonding process guarantees the steel to be three-times harder than untreated steel. Cuda fishing tools are designed by professionals and thoroughly tested in both salt and fresh water environments, providing the highest quality and reliability.
