## Description

### CVN Chitosan Haemostatic Dressing

The **CVN Chitosan Haemostatic Dressing** provides a rapid and reliable solution for controlling life-threatening bleeding. With its Z-fold configuration, the dressing is designed for quick and easy application. Made from 100% chitosan, it enhances blood clotting naturally, offering an effective response to emergencies.

#### Key Features:

- **100% Chitosan Material:** The chitosan helps accelerate natural blood clotting to stop severe bleeding quickly.
- **Sterile & Safe:** Sterile packaging ensures that the dressing is safe and ready to use in critical situations.
- **Long Shelf Life:** The dressing has a shelf life of 5 years from the manufacturing date, making it suitable for long-term storage.
- **Easy to Apply:** The Z-fold design allows for fast and efficient application during emergencies.
