Type	Hemostatic gauze (kaolin-based)
Sterility	Sterile
Detectability	X-ray detectable
NSN	6510-58-002-1673

Important Information

This product is intended for use by **trained personnel**. Proper wound packing technique is essential for effective bleeding control.

About the Manufacturer

CVN Medical Solutions develops advanced prehospital care products focused on bleeding control, hypothermia prevention and tactical medical operations. Their equipment supports both civilian emergency services and military applications.

Beyond medical devices, CVN Medical Solutions also provides certified **TCCC** and **TECC** training programs. The company operates under strict quality standards including **ISO 9001**, **ISO 14001**, **ISO 13485** and **AQAP**, ensuring high reliability and compliance.

FAQ

What is kaolin and how does it work? The body's natural clotting process, helping blood to clot faster and stop bleeding.

Is this better than standard gauze? Effective for severe bleeding because it accelerates clot formation.
