Description

A large multipurpose pouch, designed mainly to be worn on the rear part of the MOSQUITO® Modular Belt Sleeve or similar belt setup. The substantial pouch capacity allows to pack all essentials, and the drawstring collar secures the contents, while the buckled flap keeps dust or mud away. The new features include a laser-cut system compatible with MOLLE/PALS on the buckle-closed box-lid flap and added paracord on the sides to reduce the empty volume or to attach items. The pouch is not only compatible with the MOLLE/PALS modular system but also, thanks to paracord loops, can be mounted on any gun belt up to 45 mm wide.

Raw Material 100% Nylon

Size one-size-fits-all
