Military vest created to carry ballistic inserts and additional equipment such as pouches, magazines, first aid kits. Adjustable design adapts to the body and protects during duty or shooting at the range.

Description

Spitfire® Tactical Vest Plate Carrier Woodland

Military vest adapted to carry ballistic inserts. It is high-class tactical equipment for police officers, soldiers, security guards and shooters. Thanks to the mounting tapes, allows you to easily attach additional equipment such as pouches for magazines, holsters or first aid kits. Made of durable material - Cordura® 500D, which is resistant to tearing or damage. Laser cut holes are compatible with MOLLE / PALS mounts. The removable cummerbund allows you to mount additional pouches. The inner side of the vest is covered with a soft material, so it does not irritate and provides comfort during frequent and intensive use. The vest has two composite buckles and hook and loops to which you can attach interchangeable chest panels.

Quick release system makes it easier to provide medical assistance

Inner pockets keep ballistic plates in place. A special quick release system allows you to quickly remove the vest from the injured person in an emergency. This speeds up the treatment of the injured person. Comfortable shoulder straps are equipped with clamps that allow the antenna to be attached to the radio or the hydration system hose.

Features:

- Durable construction made of Cordura 500D.
