Description

This is a set of three whetstones - Extra-Coarse, Coarse and Fine.

For a performance edge on the slopes, whether skiing or snowboarding, rely on DMT's Mini Diamond Whetstone™ Edger. With just a few strokes of the diamond surface, you'll achieve clean and crisp edges. Compact, easy-to-carry on the slopes. No messy oils needed—use dry or with water. Available in extra extra-coarse, extra-coarse, coarse, and fine diamond grits.

For extremely fast stock removal of work-hardened burrs created by man-made snow, rocks and ice . Maintain your edge on the slopes with just a few strokes.

For a performance edge on the slopes, whether skiing or snowboarding, rely on DMT®'s Mini Diamond Whetstone™ sharpener. With just a few strokes of the diamond surface, you'll achieve clean and crisp edges. Compact, easy-to-carry only 70mm x25mm x 5mm.

Grit Descriptions:

- Extra-Extra Coarse diamond (120 micron / 120 mesh) for extreme stock removal to repair very damaged edges.
- Extra-Coarse diamond (60 micron / 220 mesh) when significant removal
