Description

Developed for smoothing chipped edges on fine crystal, china, ceramic, glassware or any hard material to nearly new. This unique product solves a problem found in virtually every home. Coarse diamond grit (45 micron / 325 mesh) quickly restores a chipped edge. 4" (102 mm) handle is comfortable to hold in your hand. Edge repair is fast and easy with diamonds. Size: 8.25" x .63" x 1" (210mm x 16mm x 25mm). Handle: 4" (102mm). No messy oils needed -- use dry or with water. Durable construction will provide years of consistent performance and reliable service. For proper tool maintenance, woodworkers, chefs and other professionals rely on the superior quality and versatility of DMT® products. Made in USA.

- Easily smooths chipped edges of crystal, china, ceramic, glassware or any hard material
- Coarse diamond transforms a dull edge
- Compact, lightweight
- Half-round coarse diamond file good for all-purpose filing needs
- Durable construction will provide years of consistent performance and reliable service
